

Capital Markets & Financial Regulation

We are a reliable partner with a strong international track record of working in the shifting finance market and regulatory landscape. Many international banks and issuers choose us, because our expertise and processes hold up in demanding international arenas.

Our long practical experience enables us to handle even the most complex and largest equity and debt issues flexibly and efficiently. The breadth and depth of our expertise also allows us to provide international players with unrivalled regulatory advice on the Finnish market.

The Legal 500, IFLR1000, Chambers Europe and Chambers Global rank our services among Finland's best.

'The firm had a large share of the market and was also recognised as having a higher profile than some of its tier one rivals.' (IFLR1000, Capital Markets)
