- Venture Capital and Minority Investments
- Incentive Schemes
- Legal services for Portfolio Companies

The versatile expertise of our dedicated private equity specialists ensures that we will carry out your project efficiently and cost-effectively. We understand your business and your goals – and focus on what really matters.

References

CapMan Plc: We advised funds managed by CapMan and other shareholders in the sale of the Finnish home textile manufacturer Finlayson & Co Oy, and we advised Finlayson & Co Oy in the simultaneous sale of Familon duvets and mattresses to Trading House Eesti.

We advised **Harvia Oy** in a transaction where the majority holding of the company was sold to funds managed by CapMan Plc. Harvia Oy is one of the world's leading companies in the sauna industry. The transaction ushers in a change of generation in the company and contributes to the further development of its business both in Finland and in Harvia's most important export markets.

Index Ventures and the investor syndicate (**Index Ventures, Institutional Venture Partners** and **Atomico**) led by Index Ventures: investment in the Finnish Gaming Company Supercell Oy. In the transaction, Index Ventures, IVP and Atomico purchased 16.7% of the shares in Supercell. Supercell is known for their top grossing games Clash of Clans and Hay Day.

Sponsor Capital and funds managed by it: Acquisition of All the Shares in Espotel Oy . Espotel is the leading provider of R&D services for the development of embedded systems in Finland.
